

'joyMe *Yacht*

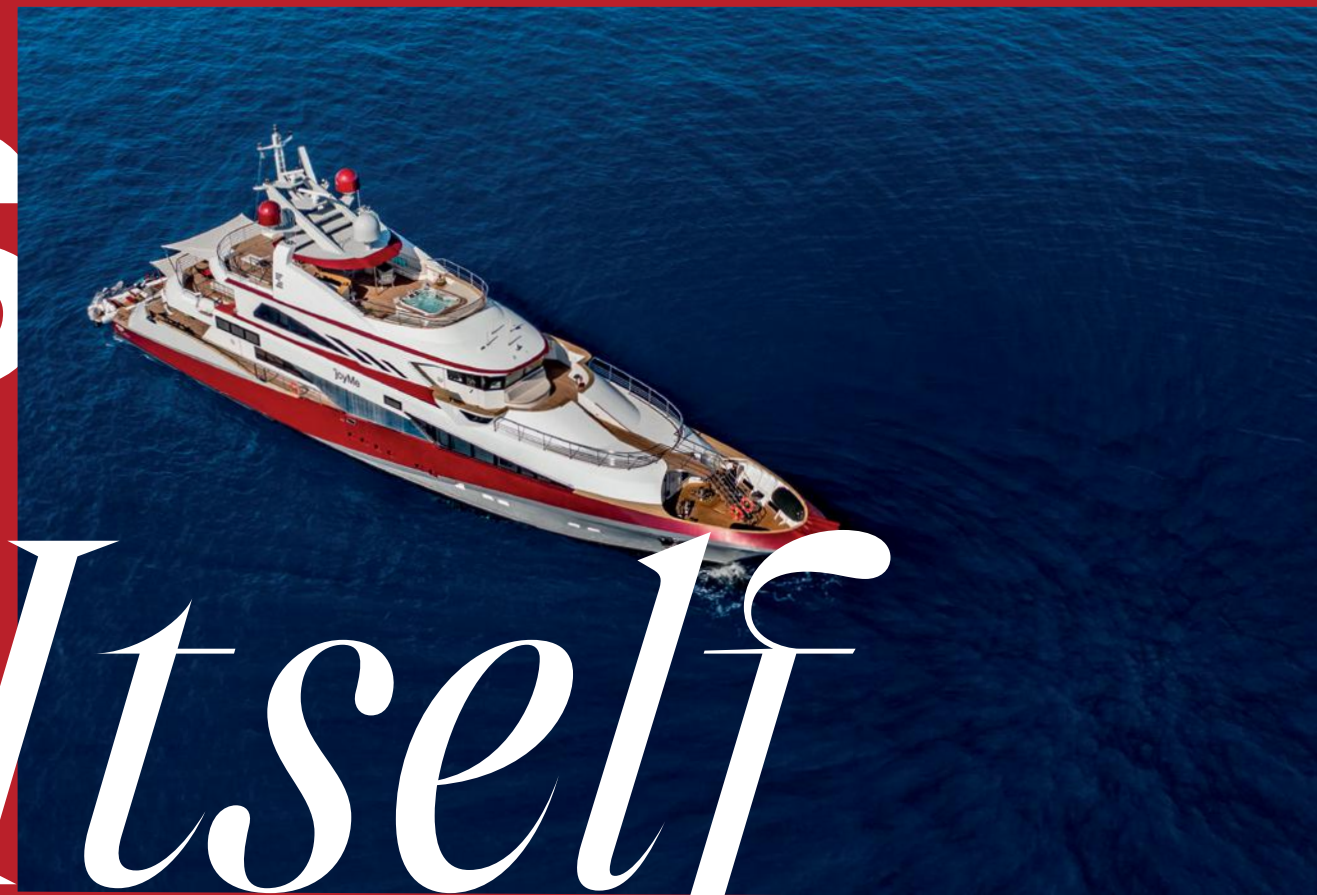

The name speaks for itself. Created as the ultimate playground for its owner, this first yacht by Philip Zepter Yachts offers an introduction to the maritime lifestyle – dynamic, joyful and full of good spirit. The invitation to join 'joyMe starts with its elegant hull lines and unique interior styling, featuring a wonderfully vibrant color scheme, flowing lines, textured accents, and prints.

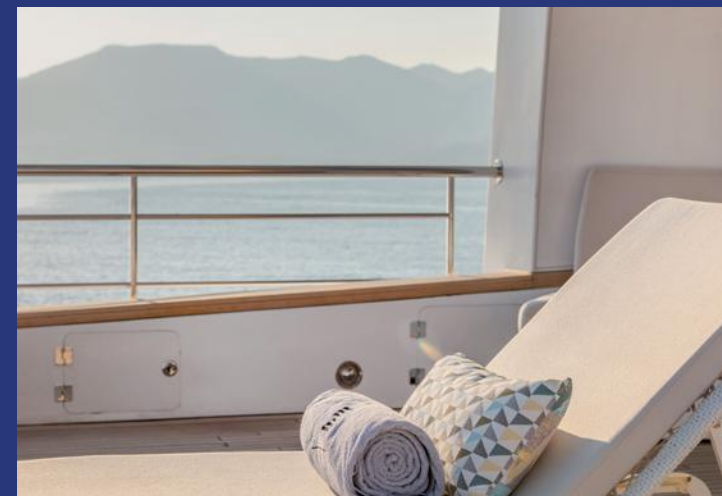

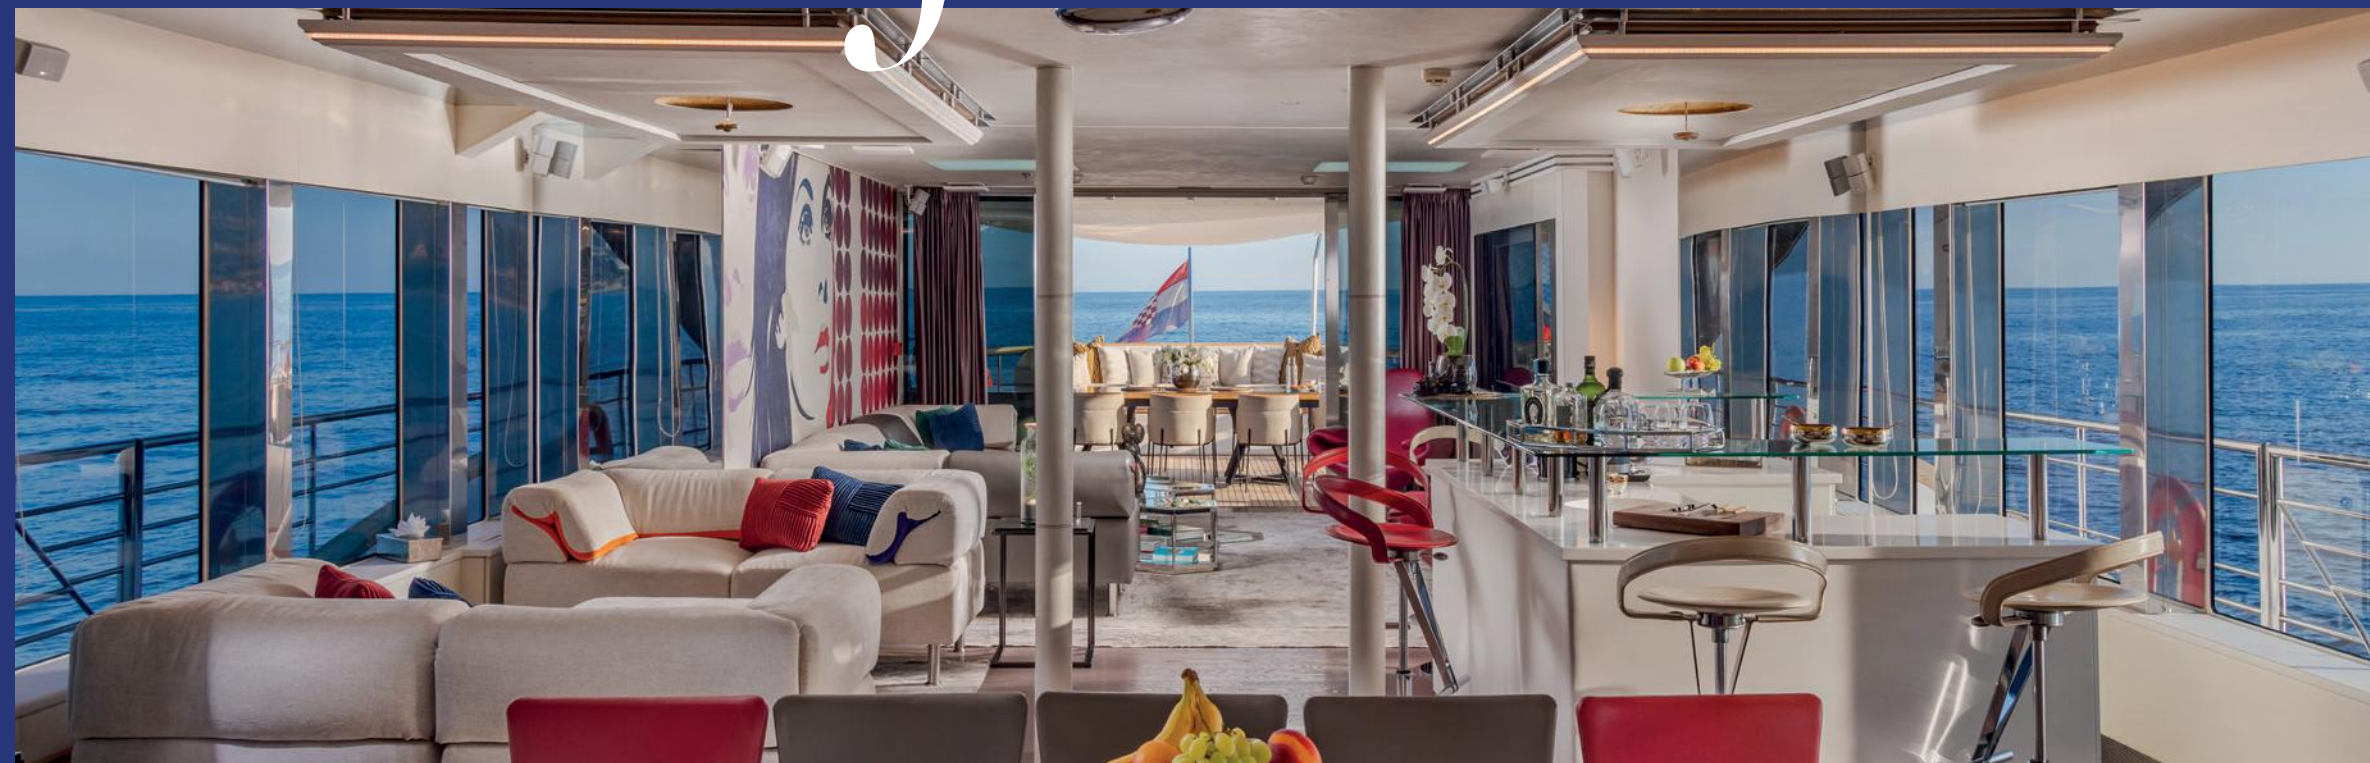

Yachting's *First* Masterpiece

Speaks for *Itself*

Contemporary Elegance *in Every Detail*

The story begins on the main deck. The first part of the saloon is designed as a lounge area, extending into the cockpit. Looking deeper into the interior reveals the yacht's soul.

The dining room is located in the central section of the main deck, with the shape and color of the chairs another carefully selected piece in the design puzzle. High-gloss stainless steel surfaces reflect plenty of natural light – the same effect found on glass surfaces and ceilings.

The owner's apartment occupies the entire upper deck. Its sleeping area consists of two cabins and a large walk-in bathroom, while a private saloon makes the most of remarkable views and is complemented by a carefully designed deck area. Striking prints give the walls a unique look.

A key feature: The entire deck is modular. This provides flexibility to transform a small cabin into a separate, standalone cabin for maximum adaptability and privacy in the living quarters.

Owner's Haven on the Upper Deck

The upper deck is designed with privacy in mind, offering a secluded retreat where guests can relax and unwind in tranquility. This exclusive space ensures a serene atmosphere, away from the bustling common areas, making it the perfect spot for enjoying quiet moments and breathtaking views in complete privacy.

Luxury Meets the *Open Seas*

The second cabin in the owner's apartment features sliding beds, offering flexible sleeping arrangements to suit your needs.

A standout feature is the stunning view from the shower, for a serene and beautiful start to your day. This cabin can also function as a completely separate unit, providing privacy and versatility to accommodate different preferences.

Seaside Retreat

The guest cabins are located on the main deck, truly encapsulating the spirit of 'joyMe as a one-of-a-kind yacht. Each uniquely decorated cabin is more breathtaking than the last. The chic, red velvet-themed cabin features large windows that allow plenty of natural light to enhance the ambiance and overall experience.

Luxurious Cabins on the *main deck*

Crafted With *Maximum* Attention to Detail

Each cabin enjoys the large bathrooms customary of luxury homes, every detail painstakingly coordinated with the cabin's unique style. The bathroom in the print-theme bedroom is the perfect example of this holistic approach and the yacht's modern design. Further features of this cabin include an additional Pullman bed and the option of connecting beds.

Piet Mondrian: Harmony in Abstract Art

Dutch artist Piet Mondrian needs no introduction. Inspired by his work, the 'cube' on board the 'joyMe allows you to enjoy his work in the ultimate comfort of the yacht. An additional feature of this cabin is the wall between the beds, which can be lowered to transform the cabin into one large bed.

The Wonders of Nature

Although she undoubtedly offers a high-design spa experience, 'joyMe also offers a more natural approach to rejuvenation. This is perfectly encapsulated in the nature-inspired cabin, where simple, clean colors and shapes create a sense of inner peace and tranquility.

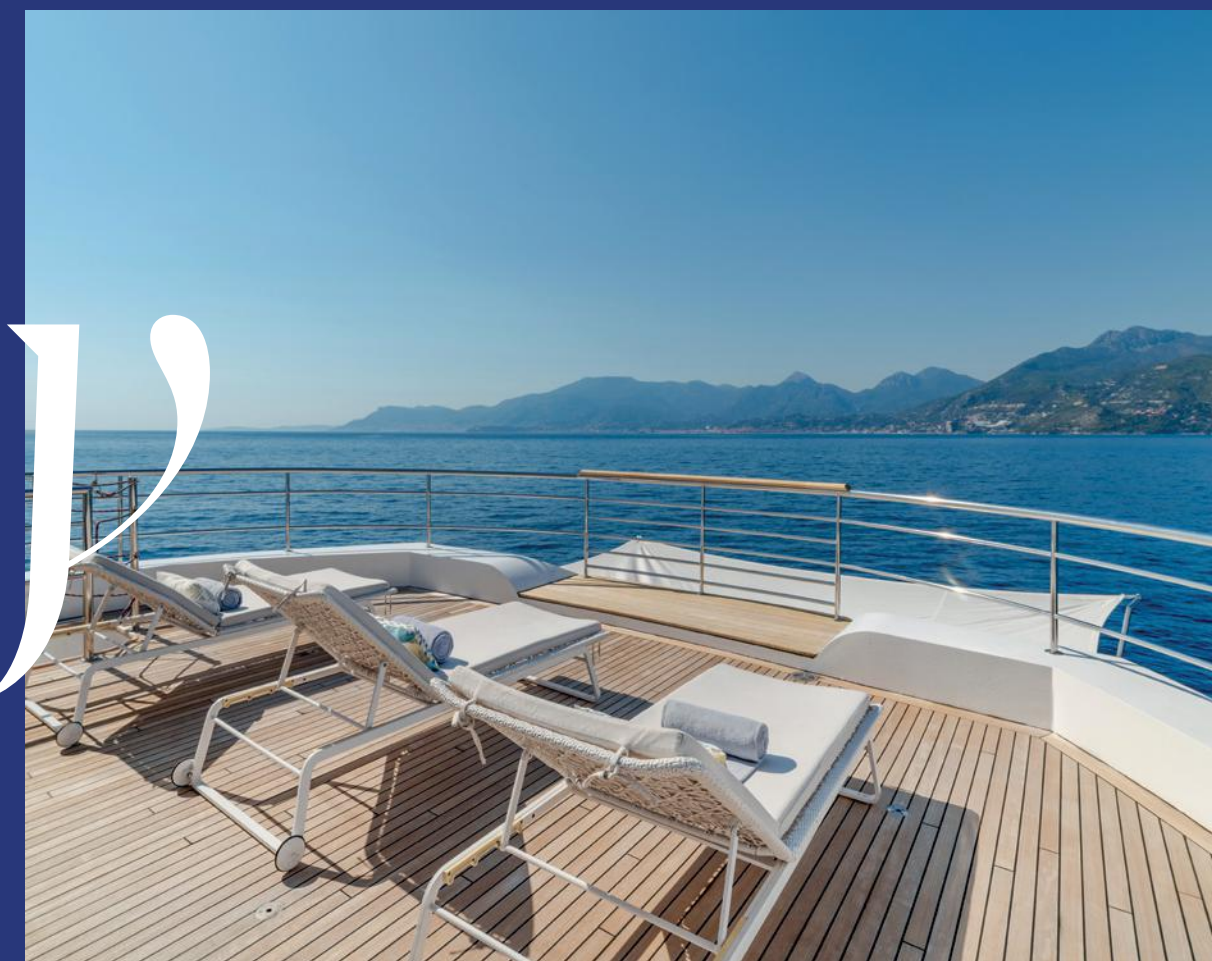

Marine *Beauty*

The large fitness area is located in the stern section of the lower deck, with beautiful views over the open stern and the sea. This proximity to the water is reflected in the area's maritime theme. And why not follow up your workout with a relaxing Finnish sauna or hammam?

Effortless *Luxury*

The exterior areas are easily accessible and connected by wide walkways. The heart of any party will be on the sundeck, whose eight-person jacuzzi, large bar and decor make it especially attractive in the evening.

Main *Deck Oasis*

The yacht offers numerous stunning areas in the open air – from the stern cockpit to the sun pad on the bow tip, from the pool area to the seating on the Portuguese bridge. With joyful colors and comfortable, ergonomic seating, you'll have a hard time choosing your favorite.

Ride the *Waves*

When the 'joyMe hits the waves, the fun really starts! Her uncompromising construction and hydronamically optimized hull make exploring the seas nothing less than pure joy.

The Pure Joy of *exploring* the sea

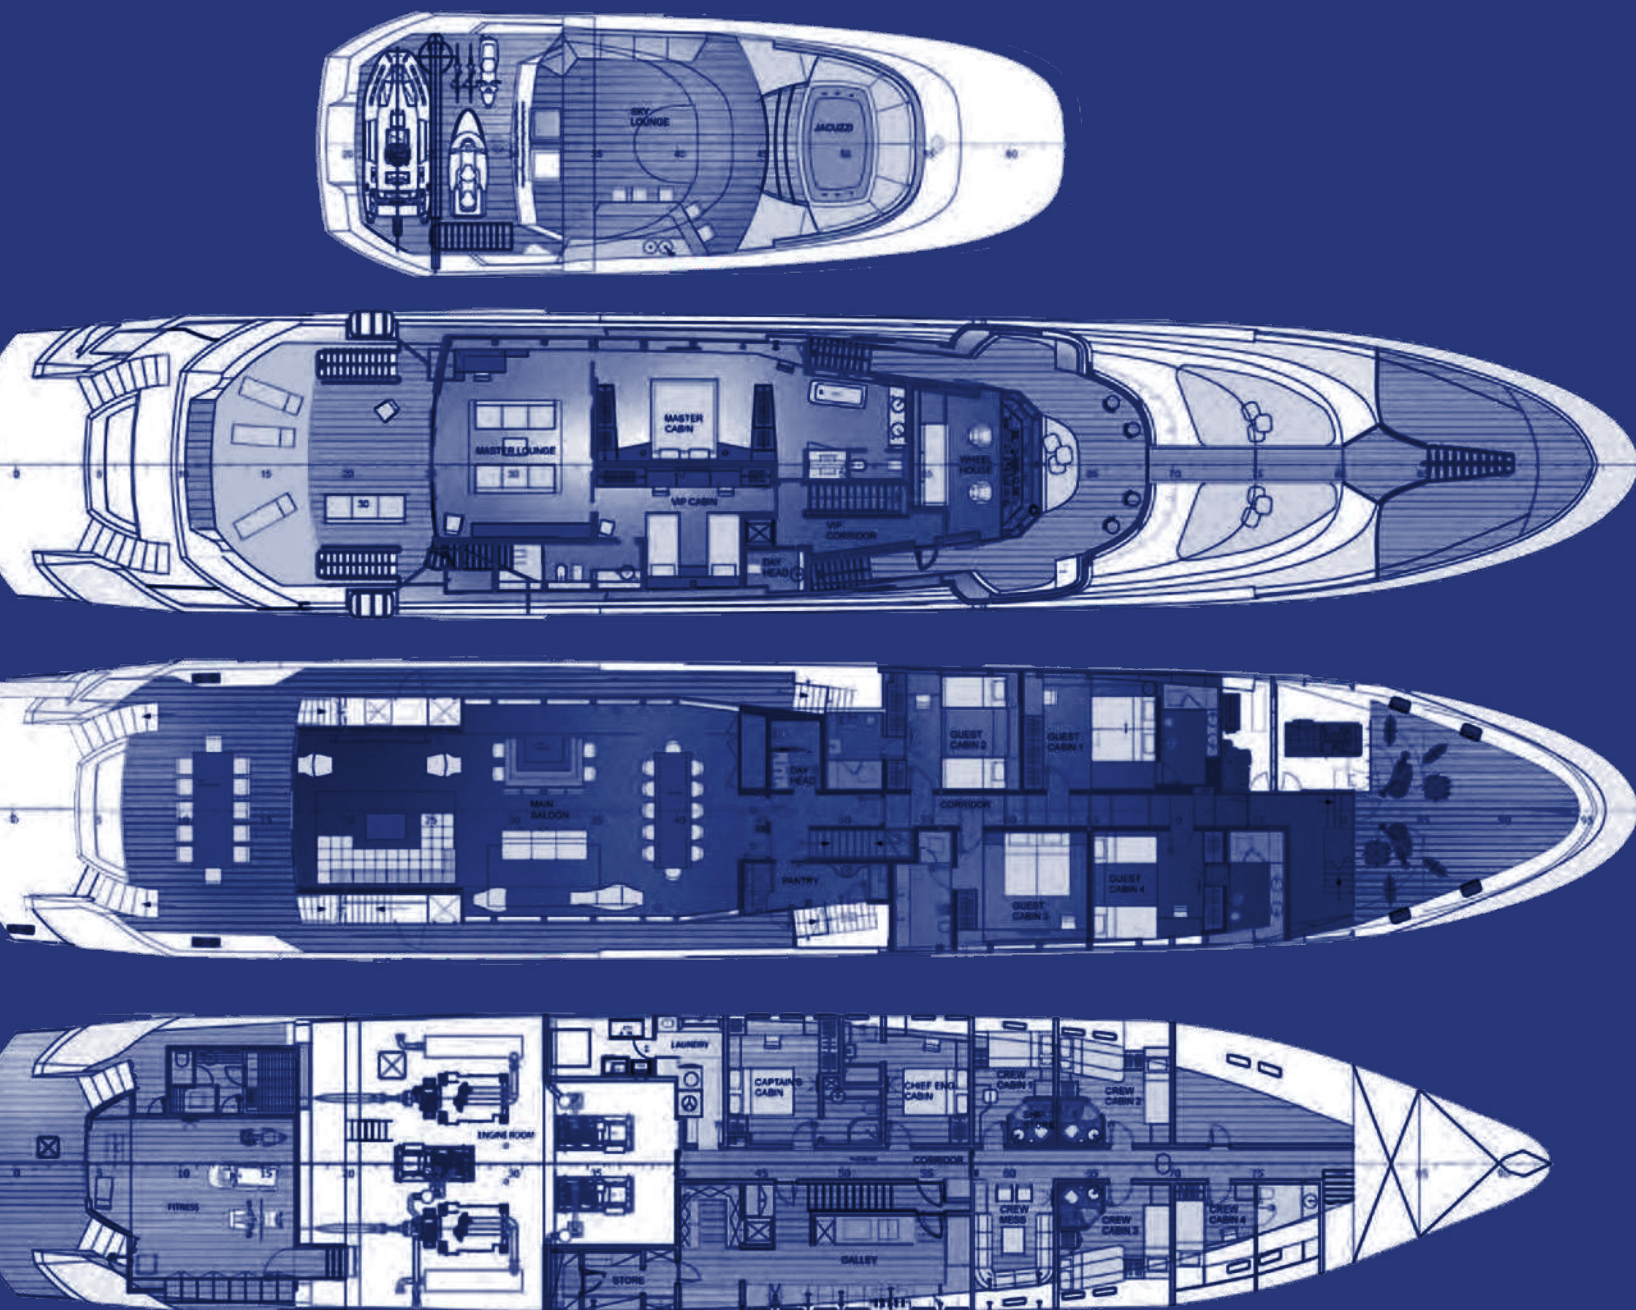

The ‘joyMe is fully customized to the owner’s wishes for unique features at every turn. Built to the highest industry standards, her combination of design and creativity is truly exceptional – created by Philip Zepter Yachts in line with each client’s personal preferences.
